

The TCMS V2 logo, featuring a stylized white clock face with two hands pointing to approximately 10:10. Below the clock face, the text "TCMS V2" is written in a large, bold, white sans-serif font. Underneath that, "Time Control Management System - V2" is written in a smaller, white sans-serif font.

TCMS V2

Time Control Management System - V2

TCMS V2, the soul of **FINGERTEC**® fingerprint reader, is the powerful time control management system software designed to providing efficient and effective administration of human resources in every corporation. Thousands of enterprises around the globe is utilizing TCMS V2 in their daily operations to easing the burden of manual reporting, reducing human errors and producing comprehensive and assessable information.

TCMS V2, seamlessly integrated with **FINGERTEC**® fingerprint reader is capable to generate various authentic and irrefutable time attendances and access control reports in minutes, ready to be printed whenever required. TCMS V2 is built on multilingual platform and complete with many functions, practical for today's working environment. TCMS V2 operates on Windows-based system which offers easy installation and easy application, guaranteed suitable for everyone regardless of the technical knowledge. With TCMS V2, works become simpler and results become better.

[FEATURES & BENEFITS]

- | | |
|---|---|
| ▶ Manage time attendance & time clocking activities | ▶ Provides easy management of multiple FingerTec® readers |
| ▶ Provides 6 definable daily clocking activities | ▶ Enables download of data and transactions |
| ▶ Supports overnight working time not exceeding 24 hours | ▶ Allows export of data and transactions |
| ▶ Supports rotating duty rosters and a maximum of three shifts in a day | ▶ Provides irrefutable audit trails reports |
| | ▶ Produces various kind of time attendance reports |

[SYSTEM REQUIREMENTS]

- ▶ Pentium III 450MHz or higher PC compatible processor
- ▶ 128MB RAM and above
- ▶ 30MB free disk space for TCMS V2 software, recommended 100MB or higher for database
- ▶ Microsoft Windows 98SE/ME/2000/XP
- ▶ Latest updates and patches for Microsoft Windows are recommended
